LEAVE

A LEGACY FOR

LIFE

BY ADDING THE EWT
TO YOUR WILL

A TREE WILL BE PLANTED
AS A MEMORIAL IN OUR

**MEMORY
FOREST**

Thank you for choosing to include the Endangered Wildlife Trust (EWT) in your Will.

Every bequest made to the EWT helps preserve endangered species and spaces, creating a legacy that will be remembered for generations to come. We believe it's important to recognize and honour the legacies left to us, and their contributions to conservation efforts. That's why we've established a Memory Forest on our Conservation Campus in Midrand, where we plant indigenous trees in memory of every person who has left a Legacy for Life. This provides a living memorial that will continue to grow and thrive for years to come.
